## Our Story

**GLOBALMETROMILE**  
**INVESTMENT**

Globalmetromile-investment partnership aims to fill a gap in the traditional financial system that has left many without access to essential banking products. According to a 2017 survey by the FDIC, 25 percent of U.S. households are unbanked or underbanked, while global numbers have reached a staggering 1.7 billion, according to data released by the World Bank. Through BlockCard, Coinviable investors can have a virtual card issued to them while a physical card is mailed to them. The card has a minimum of \$1000 balance needed. It can be used at over 45 million merchants and ATMs – anywhere in the world where major credit cards are accepted.

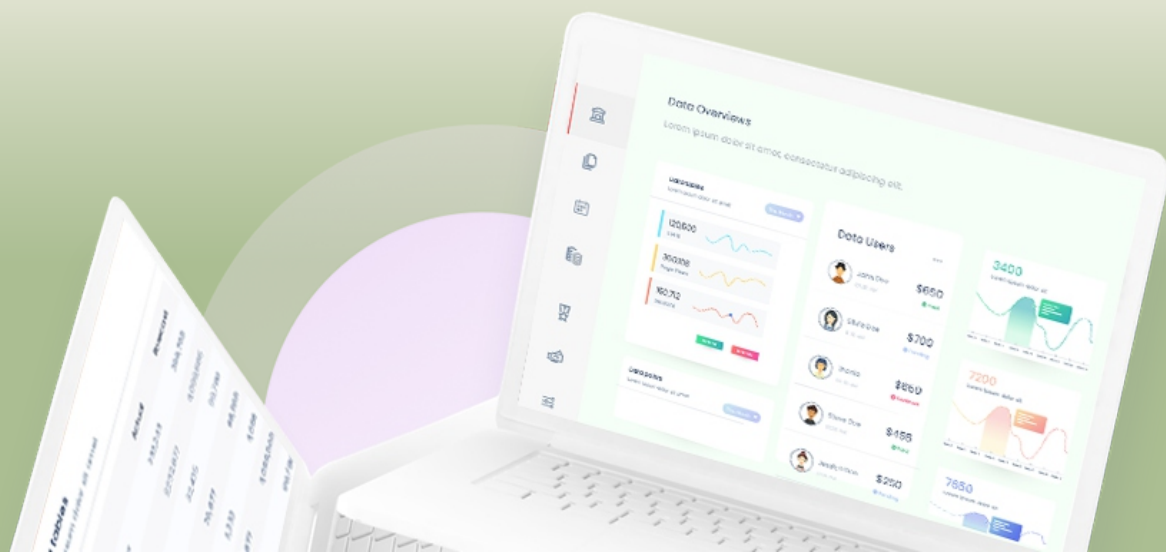

With our digital investment platform, you invest and enjoy a very flexible ROI never offered elsewhere. We have differentiated strategy to create sustainable value for stakeholders. We actively trade and manage your investment with the aim to generate better-than-market returns for you. This has always been our goal.

## Our Investment Plans

### Agriculture

We can create customized portfolios for investors who seek diversification into the food, fiber and biofuel feedstock production sectors of the U.S. agricultural economy. The Agricultural Investments team also has the expertise to manage clients' agricultural portfolio strategies, including direct operations and development of permanent plantings.

### Mining

The mining sector is popular among our investors as it produces a steady stream of both precious and industrial-use metals and other raw materials. We're in partnership with major mining industries who are well-capitalized companies with decades of history, world-spanning operations, and high and steady cash flow. Major mining companies are no different from large oil companies, and many of the same metrics apply with a mining twist.

### Stock Market

We have a clear understanding of stocks, as the best way to generate good returns. We identify stocks which are trading at a price which is lower than its actual value.

### Trades

The reality is that investing in the stock market carries risk, but when approached in a disciplined manner, it is one of the most efficient ways to build up one's net worth. While the average loses everyday on a trade, Our high profile traders makes profit everyday.
